Learn about Tulips

Ages 4-8

Subjects: science & nature, art, music, mindfulness

AS SEEN ON

CBC Kids

1. Watch

Scout & The Gumboots Kids — *The Case of the Buried Treasure* (5min): vimeo.com/imaginecreatemedia/the-buried-treasure

2. Reflect

- What was the buried treasure? Have you ever planted a tulip bulb and seen it bloom in the spring?
- What other spring bulb flowers have you seen? (daffodils, hyacinth, crocus)

3. Mindful Moment

When winter turns to spring, there is so much to observe outside. The days become longer, snow melts, insects and birds return, green buds appear on the trees and flowers sprout up from the ground. What signs of spring do you notice in your neighbourhood?

4. Field Notes

- Record your observations of the changing seasons in your field notebook using drawings, keywords and phrases.
- Using a vase of tulips, tulips in a garden or an image online as inspiration, sketch or paint some tulips using watercolours, crayons or pencil crayons.

5. Sing Along

Jessie Farrell & The Gumboots Kids — *I Love Tulips* (2min):
